Dan,

Thank you for the information. I have looked through the available documents on the website, and they meet our needs for this project. Therefore, we would like to withdraw our FOIA request for the West Lake/Bridgeton site.

Have a great time on vacation!

Ms. Saindon, following up on our call this afternoon, here is the link to EPA's webpage where I think you will find the groundwater data you are looking for:

http://www.epa.gov/region07/cleanup/west_lake_landfill/index.htm

The most relevant documents on that page are under the heading "Site Documents" and include the Groundwater Monitoring Report, April 2013 Additional Groundwater Sampling Event; the Groundwater Monitoring Report, 2012 Additional Groundwater Sampling Event; and the Record of Decision, Operable Unit 1, May 2008.

If you find that these publicly-available documents meet your needs, would you please send me a brief e-mail withdrawing your FOIA request so that we can administratively close it out.

Sincerely,

Daniel R. Gravatt, PG
